Password Requirements

All of the following password requirements apply for user accounts created in LeaseAccelerator that are not SSO:

- At least 8 characters long
- At least one lowercase character
- At least one uppercase character
- At least one digit
- May not contain the name or common, 3-letter abbreviation of a month or weekday
- May not contain the username
- May not match any word found in the dictionary
- Accounts are locked after five (5) consecutive failed login attempts.
- May not match any of the 7 previous passwords

Note: These password requirements apply only to user accounts that are not accessed via Single-Sign On (SSO). For any user accounts accessed via SSO, the customer's system acts as the identity provider with responsibility for authentication. The customer's password requirements apply.
